Such a movement is been anticipated by some of the local best, who have turned call loans into the local some or the local best of the local b time loans, running from three to six months.
Sentiment among brokers regarding the reopening of the New York Stock Exchange is by no means unanimous. Houses with German connections are apparently anxious that public dealings be postponed indefinitely, while local commission houses and others with English connections hope for a reopening of public trading under restrictions before the end of this month.

(Continued From First Page.) New Orleans, November 2—New high levels for the present upward movement were established in the cotton market today on both spots and future contracts. January sold up to 7,55c and spots were advanced 2-16c, middling being quoted at 7,16c. The demand was good in both departments, but trading was hampered by the firmness of seliers.

Bull'sli sentiment was encouraged by the advances in interior spot markets, and by Dalias. Official notification from Liver pool that a meeting of members of the exchange there had been called for November 10 to arrange for the reopening of future business caused much favorable comment. The trade expects the future rings to resume business on November 16.

The object of the cotton loan pool is to lend money to the cotton planters to relieve the stress caused by the closing of the European markets. Cotton will be accepted as security for loans on a basis of 6 cents a pound, thus conserving the big crop and relieving the situation at the same time. This movement is one of vital interest to merchants of Richmond, as a est to merchants of Richmond, as large part of the loan will go to re-lieve their customers. By loaning \$1,-000,00, Virginia gets the advantage of \$100,000,000, the larger part of of \$100,000,000, the larger part of which is contributed by the North and West. Practically every dollar loan-ed means a return of \$5 in paid bills.

FEDERAL RESERVE BOARD MAKES LEVY ON BANKS

Pinn to Remedy Defect in New Cur-rency Act and Provide for Payment of Members' Salaries.

WASHINGTON, November 2 .- The 'ederal Reserve Board to-day announced a plan to remedy a slight defect in the new currency act and to salaries. Through Secretary Willis I against the Federal Reserve Board for against the Federal Reserve Board for the purpose of defraying expenses for the first half year of its existence.

The law gave the organization committee \$100,000 to spend, but Congress did not then contemplate that the banks would not be in operation for nearly eleven months after its passage. The expenses of the board and its assistants are by law to be paid by the banks. The \$100,000 has been spent, however, and the levy was found to be necessary. Secretary Willis announced that the expense includes an estimated charge of \$200,000 for dies, and the preparation of Federal reserve notes. This item in the future is expected to be much smaller. The actual cost of maintaining the board has not been finally estimated.

Reserve banks are to pay one-third of the assessment immediately, a third of within thirty days, and the rest within sixty days. The basis used for the levy is the capital stock allotted to the applying member hanks at its face value, or about \$110,000,000.

RECORD DAY IN CASH WHEAT SALES ON CROP

[Special to The Times-Dispatch.] CHICAGO, November 2.—"The record day in cash wheat sales on the crop" is the way one of the larger cash handlers put it, after the close to-day, in answer to a question relative to the sales for export. As it is impossible to learn the exact amount of wheat daily changing hands, and as the writer.

Exporters were bidding freely for corn to-day, which proved a help to that market, as prices were up sharply arily, but part of the strength gave way before the close of the day. The country is holding tightly to its corn, and exporters have bought all the old cash offerings in store for which an corn yield was placed at sixteen bushels an acre, compared with 15.5 bushels an year ago, when the crop was 54,000,000 bushels, Cash transactions were 525,000 cushels of which con one hushels were for export.

Oats were fractionally higher and the volume of trade was fairly active. The feeling was easy early, but there was more strength late, and resting spots were at advances of 3-8 to 1-2 cent. Cash sales were 345,000 bushels, of which 210,000 bushels were for export.

port.

Provisions were higher and strong on covering by shorts. The strengthening factor was a report that the United States Inspection Bureau would quarantine the Union Stock Yards both for receiving and shipping live stock for an indefinite period. At the improved prices there was a fair volume of selling by profit-taking longs and some of the smaller packers. Cash trade was quiet.

Bulldog-Philathea Class to Give Japanese Wedding at Porter Street Presbyterian Church.

A. K. Patterson was sent on to the grand jury by Justice H. A. Maurice yesterday morning in Police Court, Part II., on the charge of feloniously shooting Edward L. Walker. The ac-cused testified that he shot Walker in vading his home.

After engaging in an argument with his wife, who fied to the Patterson home for protection, Walker, it is said, followed her. He was quarreling with Mrs. Patterson, when Patterson de-clared that he brushed aside his wife and started after him.

According to Patterson. Walker grabbed him by the throat, but he had seen him coming and had armed him-self with a pistol. After a short tussle he fired twice, wounding him in the leg and knee.

Attorney J. C. Nunnally is defending Patterson, while J. M. Turner is coun-sel for Walker.
